

# Guidelines/Protocol for **OUTDOOR** Resident Visitation

<b>Visitors</b> If choosing to visit...	<b>Independent Living Apartment Residents</b>	<b>Assisted Living or Nursing Residents</b>
<b>Testing Protocol</b>	Visitors to independent living apartment residents are encouraged, but not required, to provide proof of a negative COVID-19 test in advance of the visit.	Visitors to assisted living or nursing residents are encouraged, but not required, to provide proof of a negative COVID-19 test in advance of the visit.
<b>Visit Directions</b>	Meet outside at any location, but ensure masking and social distancing	Must be screened, then proceed directly to the designated visitation area
<b>Precautionary Guidelines</b>	<ul style="list-style-type: none"><li>✓ AL/SNF visits must be scheduled in advance, will last no longer than 30 minutes, visitors should arrive on-time, otherwise the visit time must be reduced to enable cleaning and disinfecting the area and the ongoing schedule to be maintained.</li><li>✓ No more than two visitors at a time, and visits for each resident may be limited to once each week, to ensure time is available for all residents to host visitors.</li><li>✓ No direct physical contact, and masks and social distancing required, throughout the duration of the visits.</li><li>✓ Pets are allowed, but must be on leashes and controlled at all times.</li><li>✓ Visitors are encouraged to exercise caution between testing - social distancing, masks, and the avoidance of large gatherings.</li></ul>
